

Maths	Measurement and Geometry	Activity	
<b>Foundation to Grade 2</b>	<ul style="list-style-type: none"> <li>Measure and compare the lengths, masses and capacities of pairs of objects using uniform informal units</li> </ul>	<ul style="list-style-type: none"> <li>Compare your height to the thoroughbred horse using hands (16 Hands is the average height of the thoroughbred horse)</li> </ul>	
<b>Grade 3 and 4</b>	<ul style="list-style-type: none"> <li>Measure, order and compare objects using familiar metric units of length, area, mass and capacity</li> <li>Use scaled instruments to measure and compare lengths, masses, capacities and temperatures</li> </ul>	<ul style="list-style-type: none"> <li>Convert hands to centimetres (cm) and compare your height to the thoroughbred horse (1 hand = 10.2cm)</li> </ul>	
<b>Grade 5 and 6</b>	<ul style="list-style-type: none"> <li>Choose appropriate units of measurement for length, area, volume, capacity and mass</li> <li>Connect decimal representations to the metric system</li> </ul>	<ul style="list-style-type: none"> <li>Compare the height of a variety of horses and convert to centimetres (cm). Compare your height and record the difference</li> </ul>
